1. Course Details:

Course Code : ATSK-006
Course Title : Autodesk Revit Essentials
Course Duration : 5 Days

2. Course Overview:

- The objective of Autodesk Revit Architecture Essentials training is to enable students to create full 3D architectural project models and set them up in working drawings. This training focuses on basic tools that mostparticipants need to work with the Autodesk Revit Architecture software.

3. Learning Outcomes:

- Create architectural floor plans, building elevations, sections & construction details
- Extract quantities & material take-off schedules
- Create 3D models and renderings using Autodesk renderer
- Export model and drawings to common platforms, CAD, 3dMax, Adobe PDF

4. Course Contents:

- Workflow& Starting
- Building Exterior
- Building Exterior 2
- Inside the Building
- Inside the Building 2
- Preparing Project Output
- 3D Visualization
- Revision / Q&A

5. Our Methodology:

- Make coaching and monitoring innovative and using modern

- Media training also using on the go training by using interactive means and focusing on
- The exercises, practical applications and real situations study.
- Live delivery method, instructor-led training.
- Experienced consultant, trainers, and professional.
- Qualified trainer with high-level experience

6. Attendance Reports:

- Send daily attendance reports to trainingdep
- Send full attendance report to training dep. by the end of thecourse
- Attend 100 % from the course days also providedaily
- Issue attendance certificate for participant who attend minimum 80% from the course duration

7. Pre/Post Reports:

- Pre- assessment before starting training.
- Post assessment after finish training
- Full report for the deferent between Pre-& Post assessment

8. Who Should Attend?

- Architects, interior designers, decorators, graphic designers, artists, animators, TV graphic designers, art directors and anyone who is interested in creating 3D presentations.
