1. Course Details:

Course Code : HSEM-018
Course Title : Certified Scaffold Competent Person - Inspection
Course Duration : 5 Days

2. Course Overview

- Each year, more than 60 workers are killed by falls from scaffolds, about 1 in 5 the fatal falls in construction. Besides problems with planks and guardrails, the main causes of injuries and deaths on scaffolds are poor planning for assembling and taking them apart, missing tie-ins or bracing, loads that are too heavy, and being too close to power lines. Also, falling objects can hurt people below scaffolds.

3. Learning Outcomes:

- Apply basic management principles and practices to safety and health issues as part of a total OSHA says a competent person* must inspect a scaffold before each work shift and after anything happens that could affect the structure
- The competent person should be trained in scaffold safety
- A competent person must supervise if assembled, changed, moved, or taken apart
- This training course will provide participants with the essential knowledge and skills to become scaffold competent persons as requested by OSHA

4. Course Contents:

- General Safety requirements of Scaffolds (OSHA Standard)
- Erection and dismantling of Frame Scaffold.
- Erection and Dismantling of Tube & Clamps Scaffolds.
- Erection and Dismantling of System Scaffold (Cuplock).
- Mobile Scaffolds
- Suspended Scaffolds
- Inspection of all types of Scaffolds
- Calculating Scaffold Loads
- OSHA Scaffold Standards
- **Examinations**

5. Our Methodology:

- Make coaching and monitoring innovative and using modern

- Media training also using on the go training by using interactive means and focusing on
- The exercises, practical applications and real situations study.
- Live delivery method, instructor-led training.
- Experienced consultant, trainers, and professional.
- Qualified trainer with high-level experience

6. Attendance Reports:

- Send daily attendance reports to trainingdep
- Send full attendance report to training dep. by the end of thecourse
- Attend 100 % from the course days also providedaily
- Issue attendance certificate for participant who attend minimum 80% from the course duration

7. Pre/Post Reports:

- Pre- assessment before starting training.
- Post assessment after finish training
- Full report for the deferent between Pre-& Post assessment

8. Who Should Attend?

- Construction Forman & Supervisors
- Scaffold Technician
- Construction Engineers
- Safety Engineers, Supervisors and Officers
